

HEART
GALLERY OF TAMPA

SUMMER STASH

The Heart Gallery of Tampa loves to make our kids feel special all year long. One of the ways we do that is by connecting with the kids throughout the year, not just on their birthday. The goal of this project is to let Heart Gallery children know the community is supporting them by starting off their summer with a STASH of FAST FOOD gift cards.

**Please help local
foster children by
donating \$10 FAST
FOOD gift cards.**

our kids

Heart Gallery children represent those in foster care who need additional support in finding adoptive families due to potentially limiting factors of age, race, sibling group size, and special medical or therapeutic needs.

our impact

Heart Gallery photographs and videos are a foster child's first introduction to prospective adoptive families. They are the **BRIDGE** that moves children from being in **FOSTER CARE** to being **ADOPTED** and part of a **FOREVER FAMILY**.

our mission

Through photographic exhibits, the Heart Gallery of Tampa introduces our community to foster children awaiting adoptive families. We provide a platform to inspire our community to improve their quality of life and connect them with Forever Families.
