Palma Ceia Golf & Country Club

Heart Gallery Overview

Every child deserves love. The Heart Gallery of Tampa supports children in foster care who are waiting to be adopted. These children are just like any other children, only they've experienced abuse, abandonment, and neglect. They find themselves in foster care through no fault of their own. What they need most is a family.

Using professional photography, videography, traveling, and online photographic galleries, the Heart Gallery gives our children a platform to advocate for themselves by not only showing the world how special and unique they are but also the opportunity to communicate about the kind of family they hope to find. Since 2004, the Heart Gallery has had the privilege and honor of playing a vital role in finding adoptive families for nearly 350 children in foster care.

What is Be Mine?

Not your sit-down chicken dinner kind of charity event.

The *Be Mine* Gala is the Heart Gallery's signature event which celebrates the joy of families found and the hope of those yet to come. *Be Mine* is supported by individual, community, and corporate sponsors and all proceeds benefit foster children in Tampa who are waiting to be adopted.

We are BACK and more excited than ever for **Be Mine 2024: Don't Stop Believin'**, the Heart Gallery of Tampa's signature event. Join us on Thursday, February 15, 2024 at 6:00 PM at Palma Ceia Golf & Country Club. Kick off your Sunday shoes and break out your best 80's gear! We are turning back the clock. - **\$5,000 = Digital Gallery Installation in One New Venue**

- Allows Heart Gallery children to be presented in a digital display at host venues such as doctor's offices, sports centers, corporate office centers, retail stores, etc. Host venues offer a semi-permanent space for display which is updated remotely and can feature messaging and sponsor logos.

These videos allow the youth to advocate for themselves while sharing their hopes and dreams, and the kind of family they would like to have.

Children in the Heart Gallery are 3 times more likely to be adopted than those not in the gallery.

More than 50% of children are matched within their first year featured in the gallery.

- Allows for Heart Gallery children to participate in activities that promote self-esteem and create healthy outlets for expression and normalcy. Provides access to extracurricular activities in athletics, clubs and groups which would not be otherwise accessible.
